

DIG DEEP WITH AZURE MACHINE LEARNING

Use data analysis to take your business to a whole new level.

Microsoft Azure Machine Learning simplifies data analysis and empowers you to find the answers your business needs.

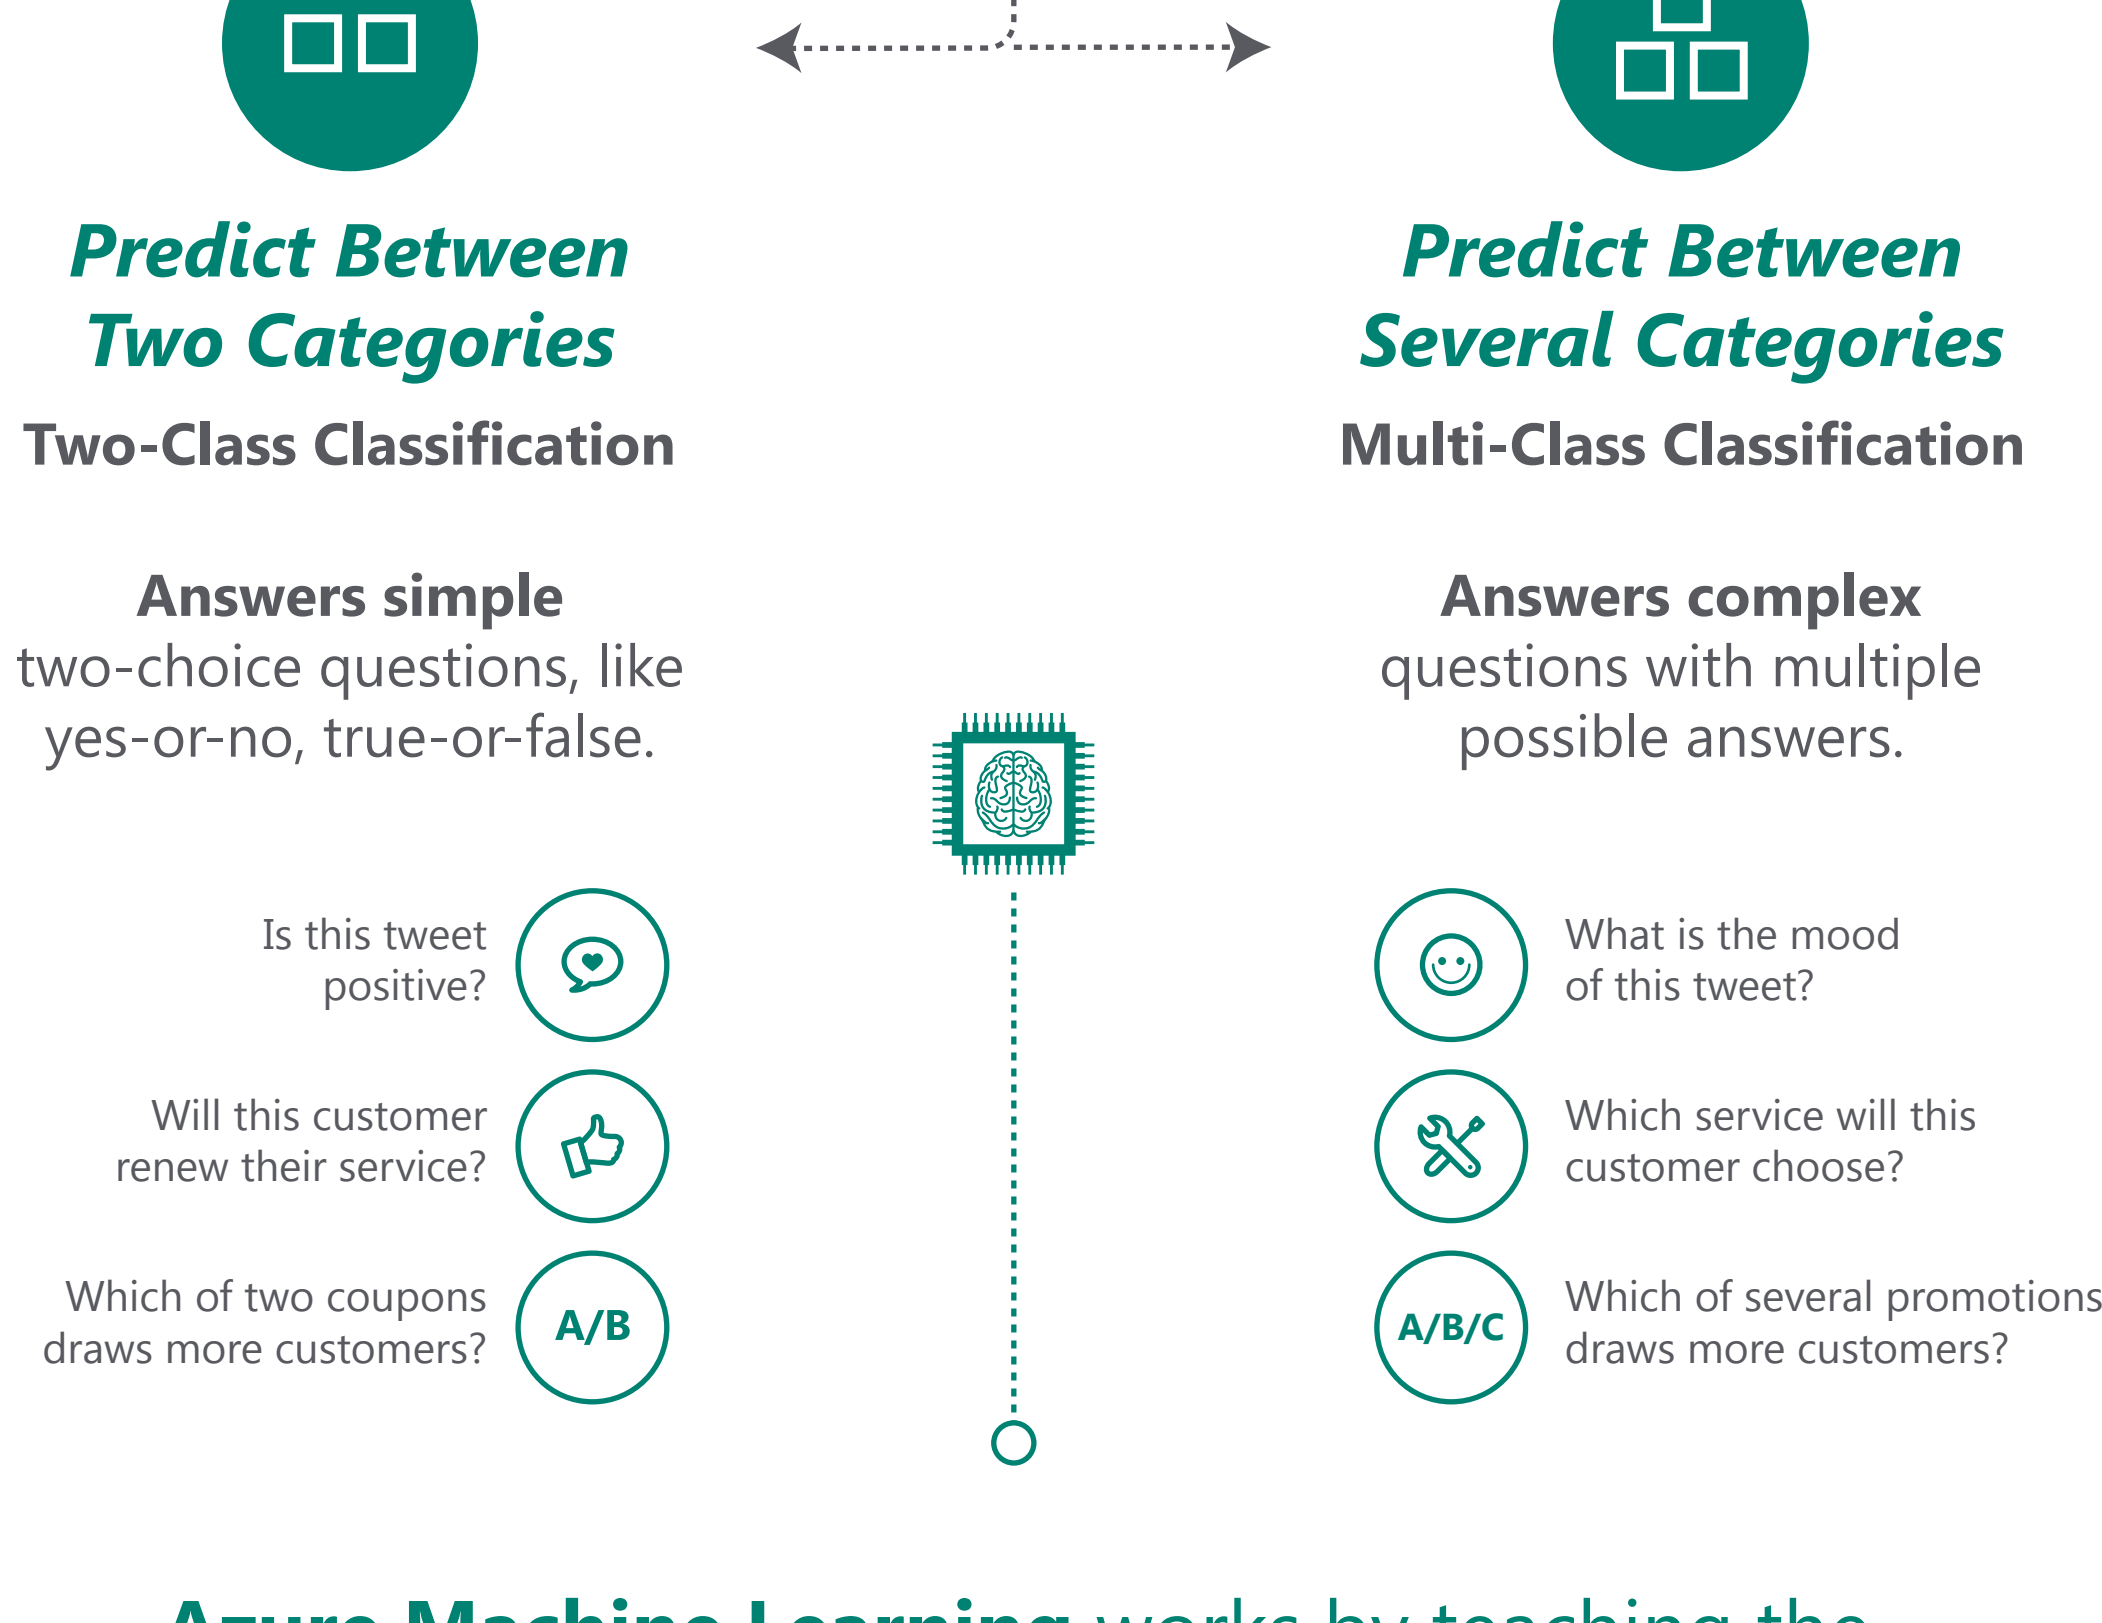

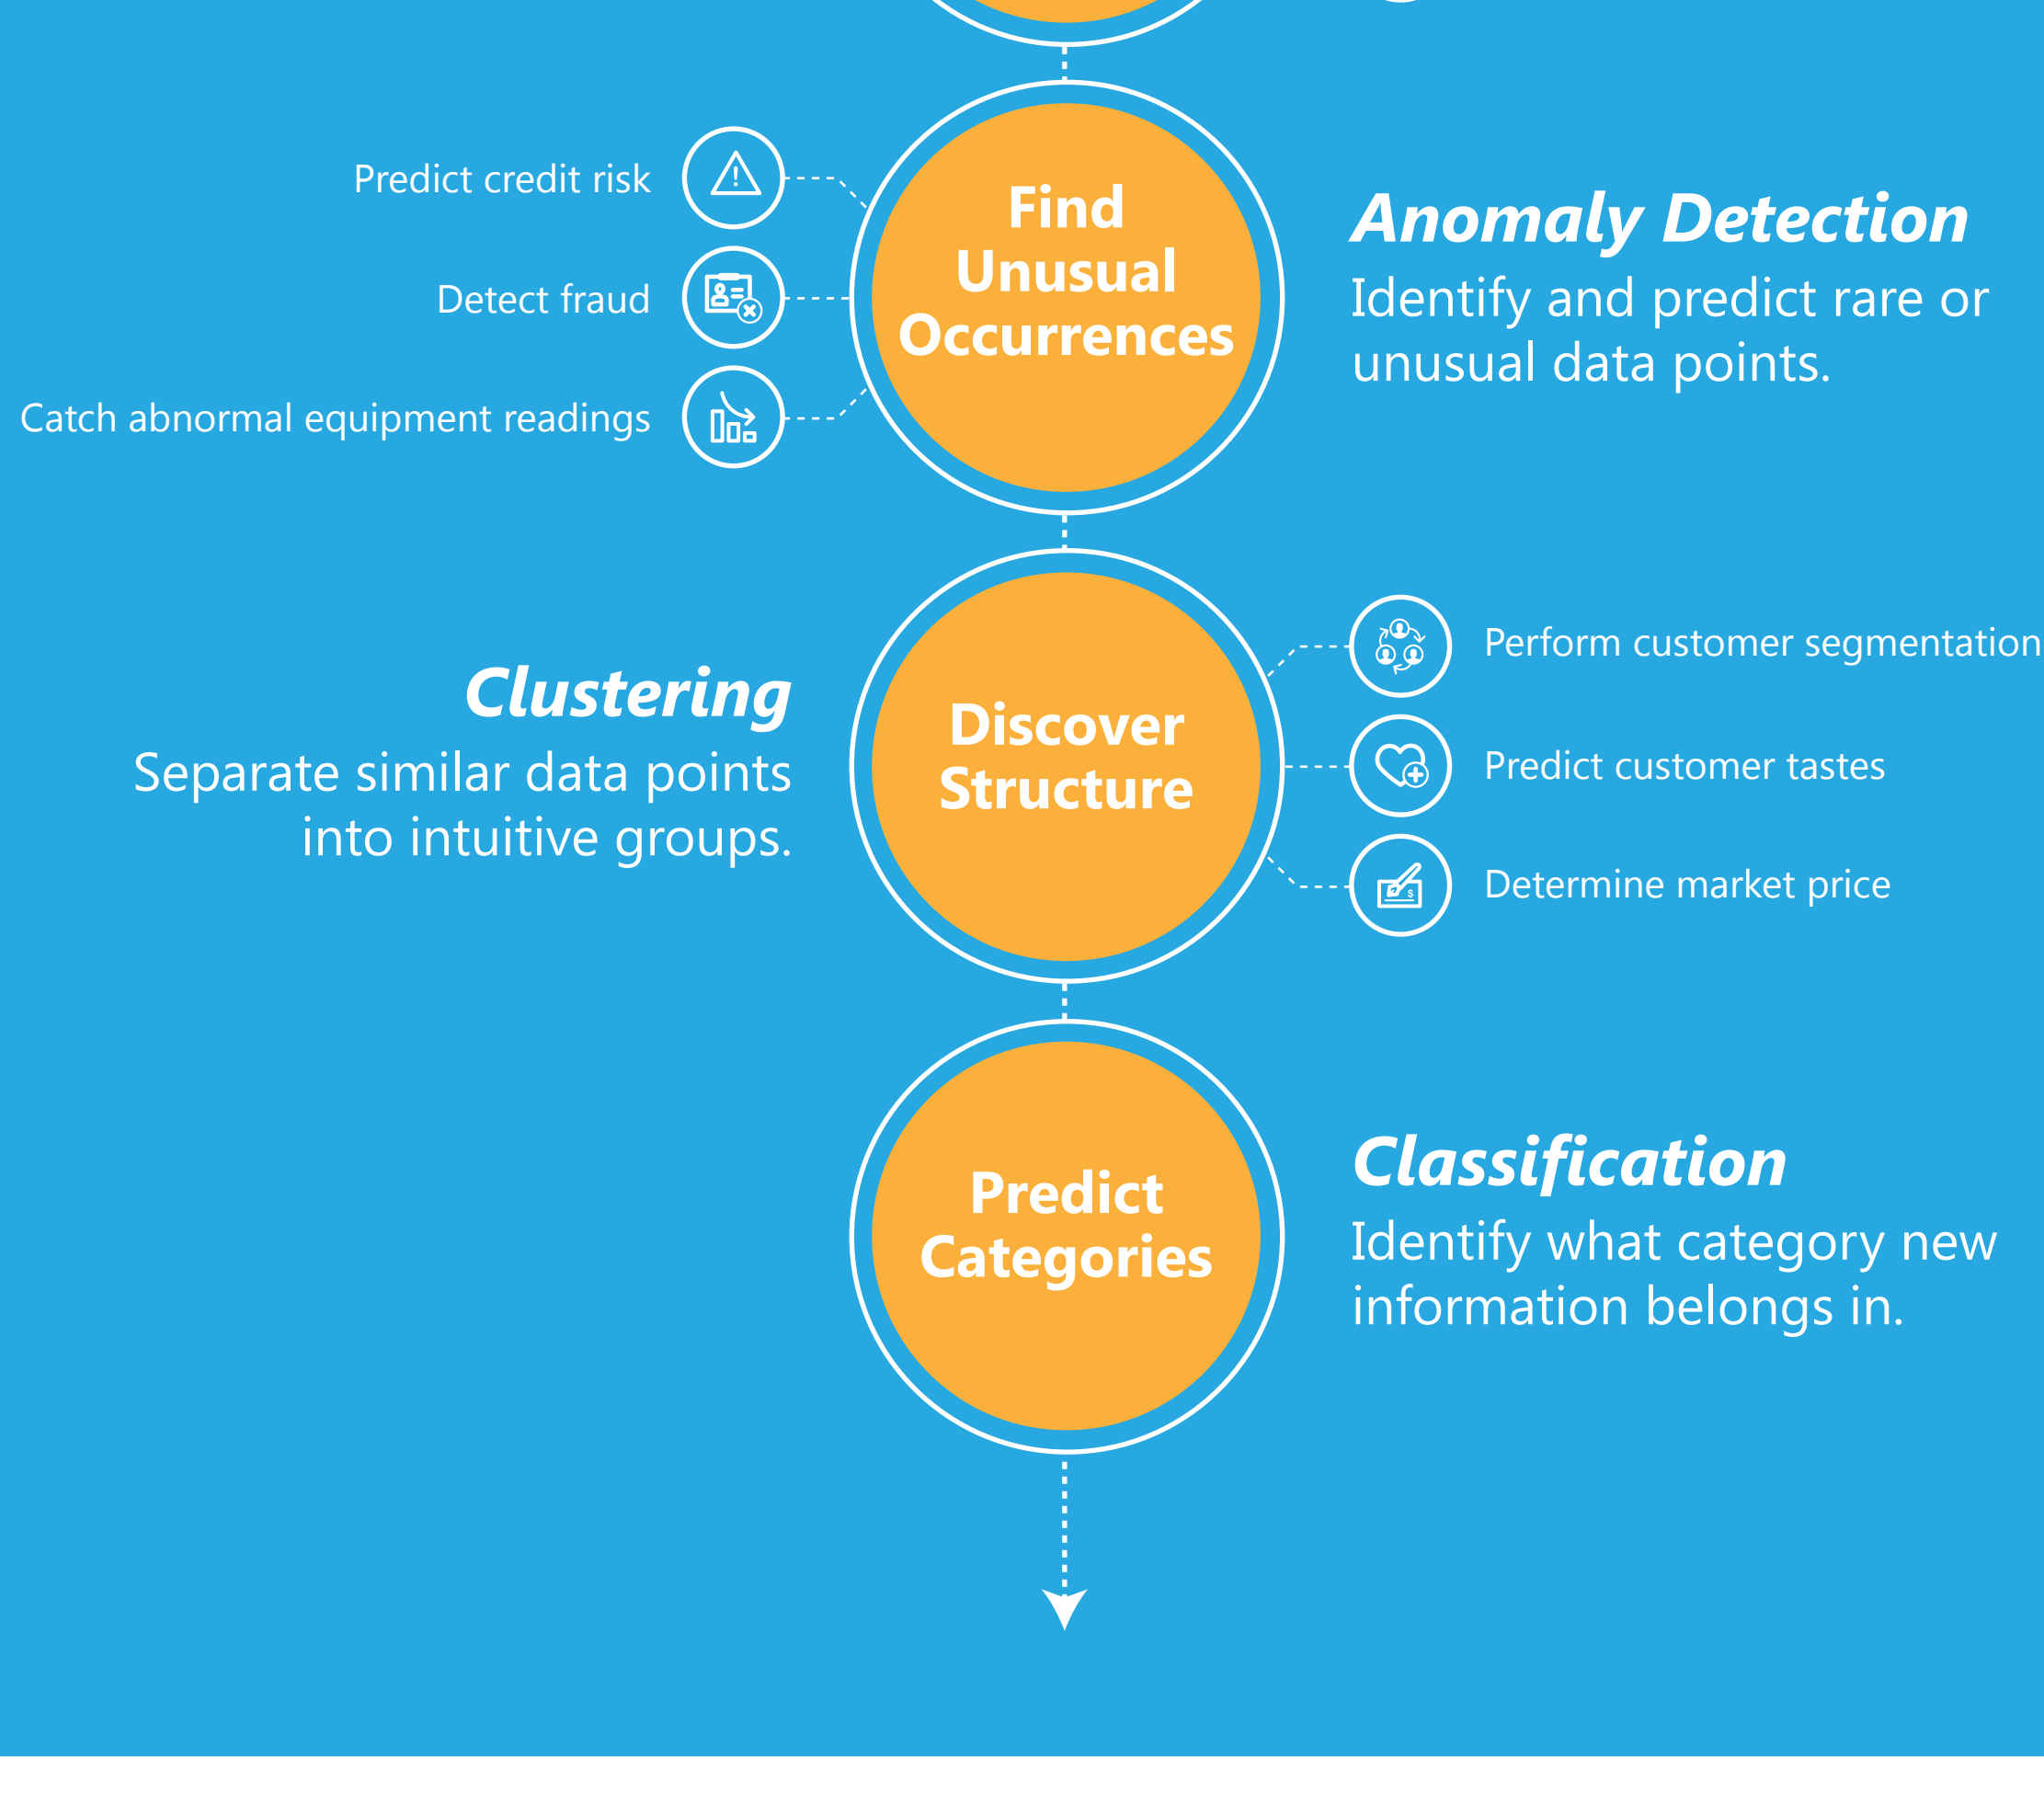

The question isn't whether you can find the answers.

The question is how.

So, what do you want to find out?

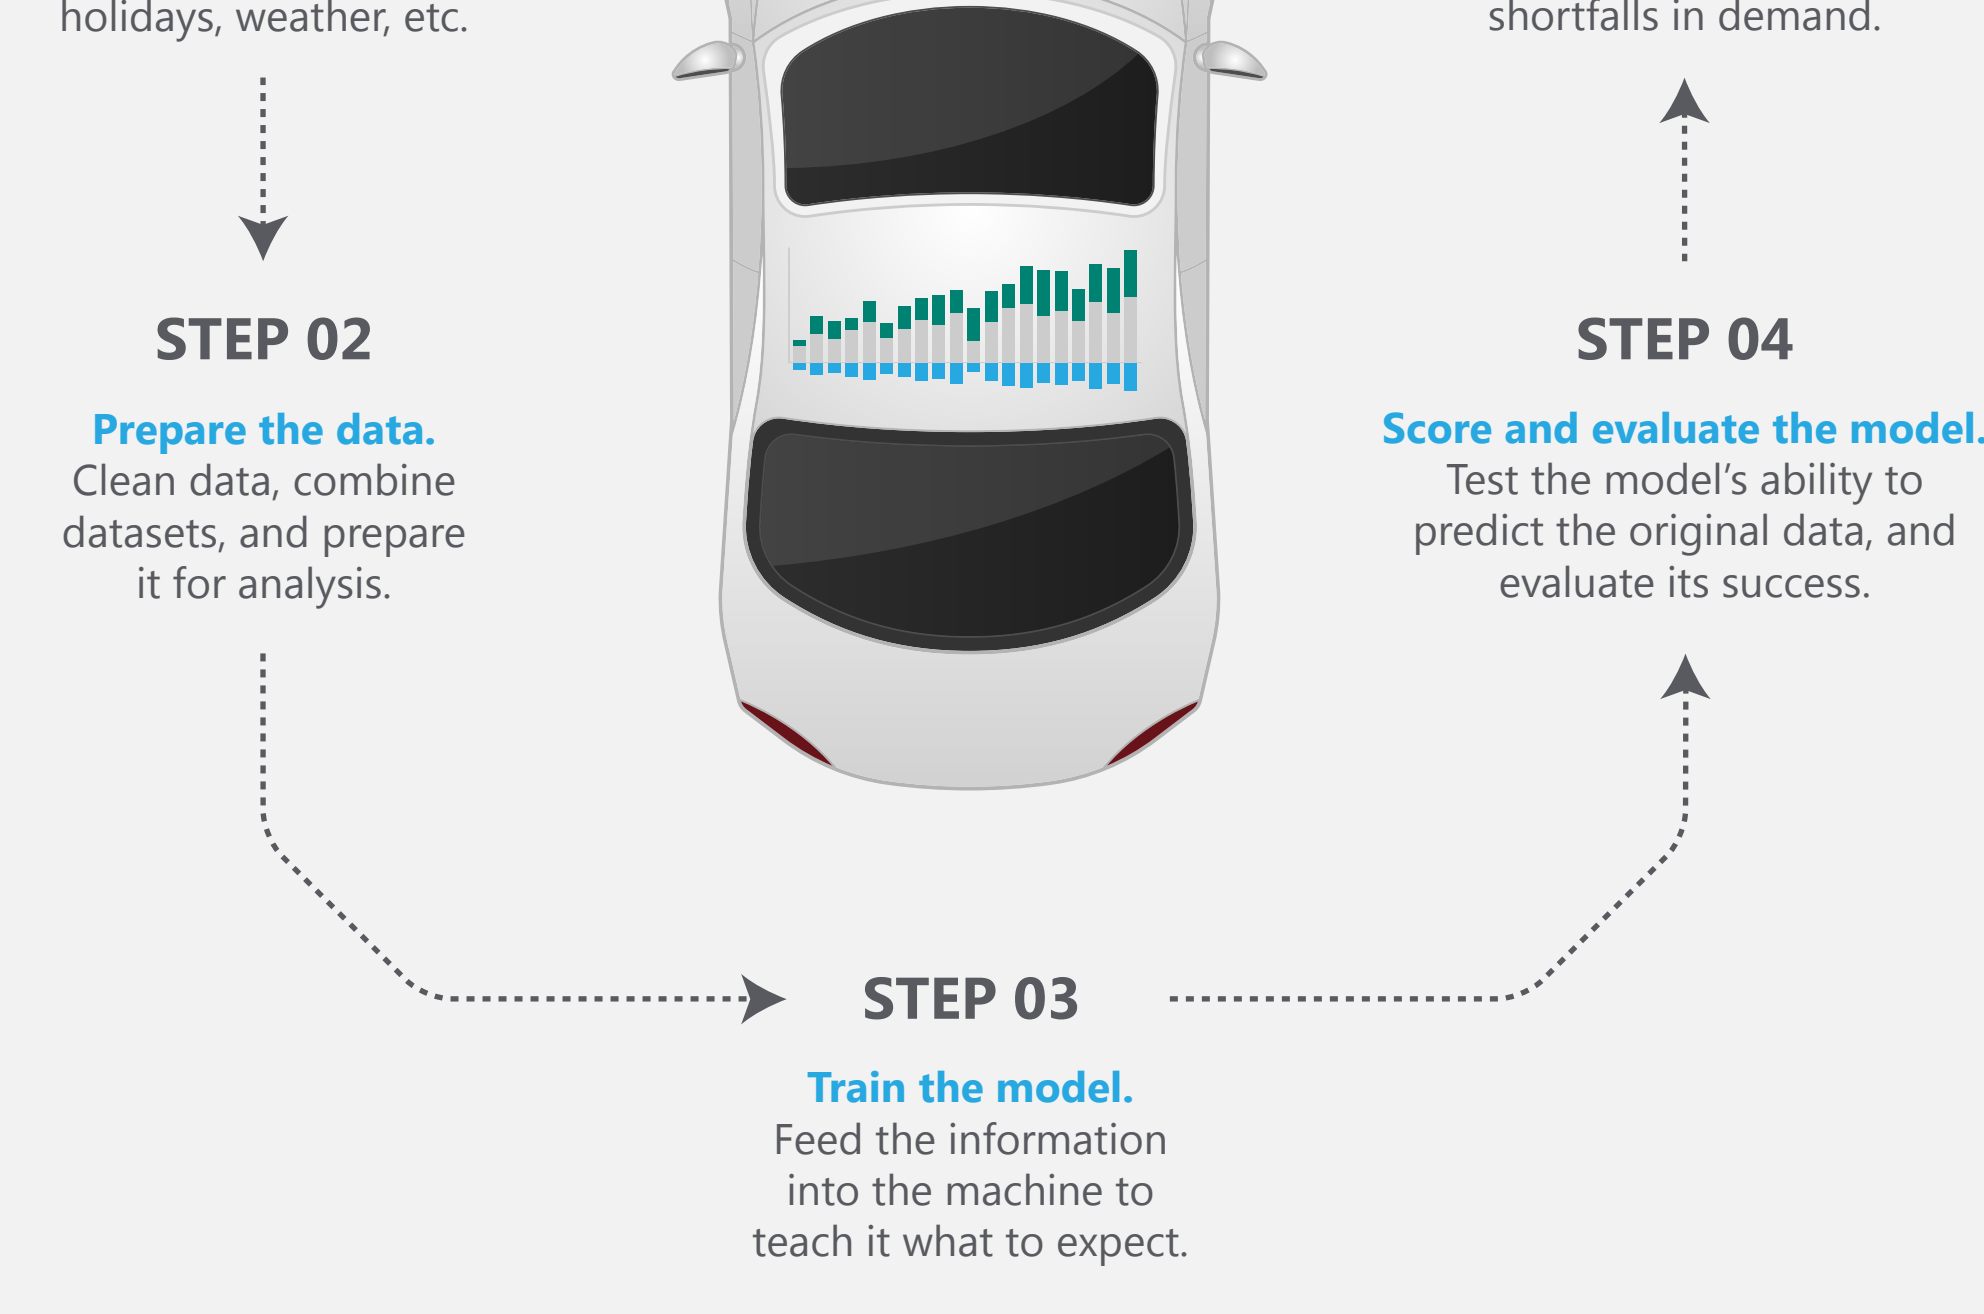

I WANT TO:

Azure Machine Learning works by teaching the software to find patterns in the current data so that it can seek out the patterns in future data.

Let's say you rent cars. How can you accurately predict demand for your product?

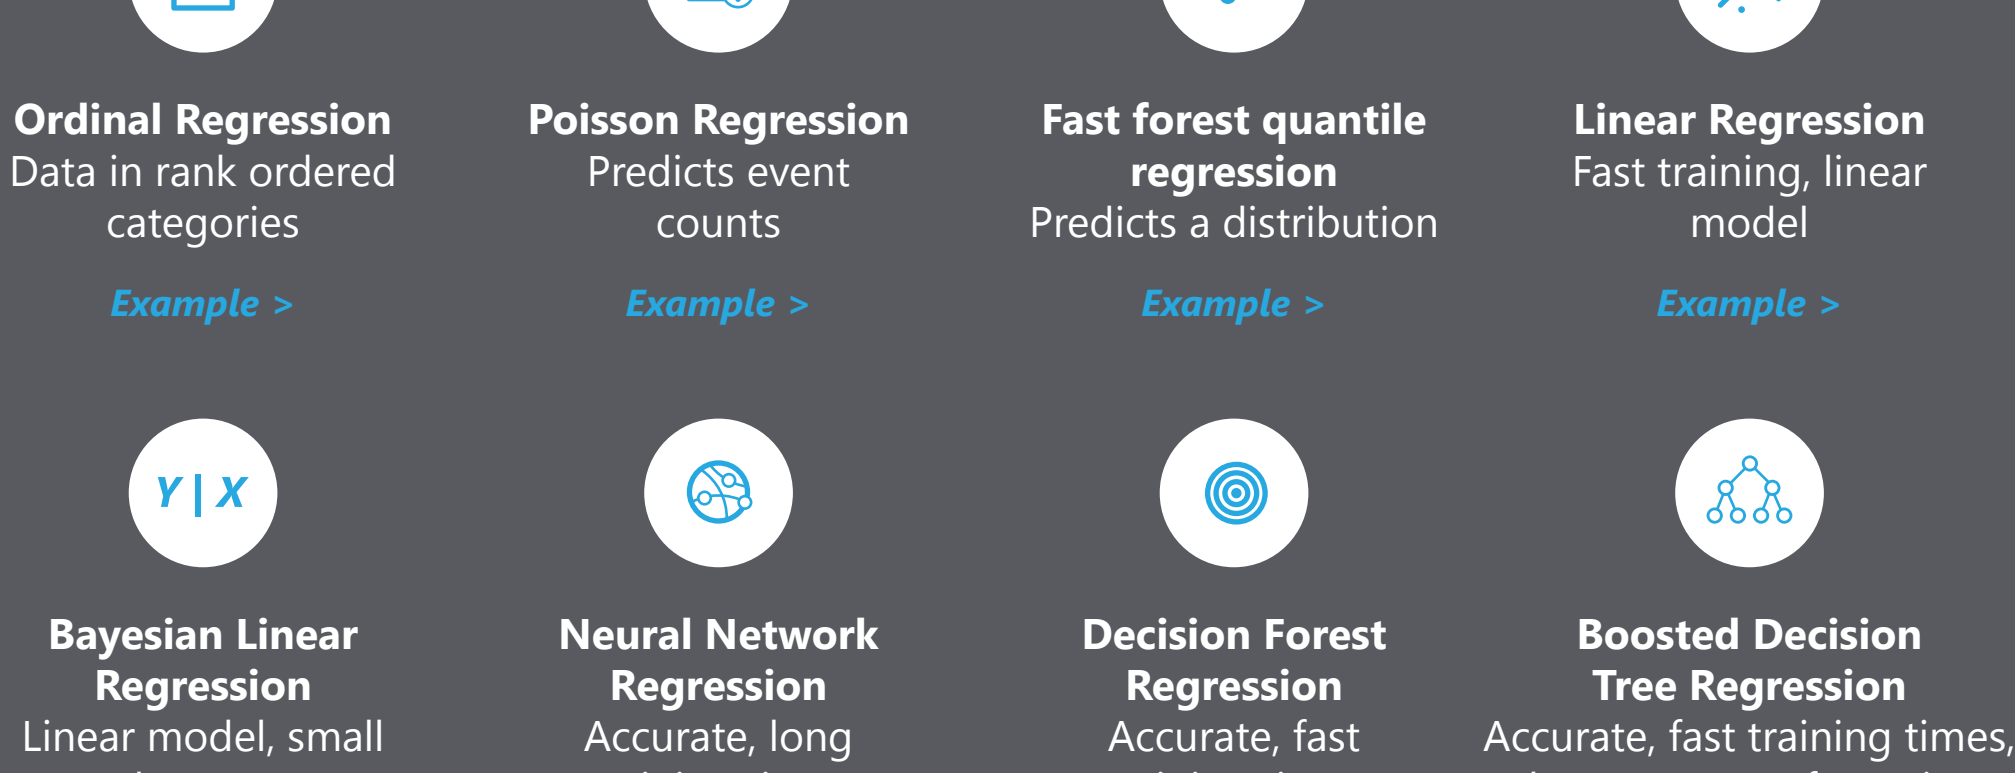

FOR THAT YOU NEED REGRESSION ANALYSIS

Find out how to do this and more with #AzureML.
